These were the 1A in .222 Rem., 1V (with a 26" barrel) in 6.5-284 Norma, 1S in 45/70, 1H in 375 H&H, and the RSI in 7x57. For 2015, Lipsey's LLC will be the Exclusive distributor for the Ruger No.1 rifle. I feel this will be a good thing, as Lipsey's has been a leader for several years in their own Ruger No.1 Exclusives. They know what Customers and Shooters want and will work diligently to get some No.1's made that appeal to shooters and hunters . Their are some unique rifles in this years No.1 offering. The 1B is back-with a 28" barrel in the 257 Weatherby! The 1S will be a 30/06 with a 24" barrel! The RSI will be a 6.5x55, the 1A is a 7mm-08 and there will be a K1V(with a 26" barrel; 1-8 twist) in .223; stocks will be walnut. The 1H is a .375 H&H. I expect to have all these offerings in stock as they are made.
