New Products

The new [Berger 375 caliber 410 Grain Hybrid Target projectile](#) delivers the trusted performance shooters have come to expect from Berger Hybrids and offers a long-range competitive advantage previously attainable only from a solid, lathe-turned projectile. Like all other Berger bullets dominating long-range shooting disciplines, the foundation for the 375 caliber 410 Grain Hybrid Target bullet is the industry leading Berger J4 jacket, offering unprecedented concentricity of <.0003” total indicated runout (TIR). This delivers the highest level precision, bullet balance, and shot-to-shot consistency without equal.

Part Number: 37401  
G1 BC: 0.928  
G7 BC: 0.475

- Rugged construction to survive extreme performance conditions
- Unprecedented concentricity of <.0003” TIR with J4 Jackets
- Hybrid ogive performance that loads and tunes easily
- Doppler verified with less than 1% ballistic coefficient variation
