Whilst Wiaan and Johnny were hard at work on promo' tour, JVS Professional Hunter Strauss Jordaan, was hard at work hunting with 2 Russian clients at our base camp in Kimberley.

Yuri Petrov is an old client of JVS and he brought with him 1st time hunter to Africa Sergey Dvuluchansky. Apart from a few thunder showers of rain and getting stuck a few times in the mud, our hunters did great out in the sticks by taking all the animals that they were hunting for and everyone had a blast great stuff!! We look forward to seeing Yuri & Sergey early again next year.

Yuri has tried for a few years to get an Eland Trophy and this time he connected with a great Bull

Yuri also took a good Nyala Bull during his hunt with Strauss

From Luxembourg and a first time hunter to JVS ~ Gilles Somers really had an enjoyable hunting safari with PH Strauss. Gilles most definitely wants to bring his wife and son next time to enjoy the hunting experience. We look forward to hosting you and your family in our camp Gilles ~ Special thanks to our great friend Eduard Seydlitz for recommending Gilles to the JVS team We appreciate your business very much!

Ramiro Vertiz and his wife Monica from Mexico came to visit us for his second time and her first time to Africa. The trip was planned around Monica who is not a hunter, but Ramiro insisted that he had two days with us to do his thing before they went on their sightseeing tour of South-Africa. His main quarry was a Sable, and we were lucky enough to get a big Sable bull plus a great Waterbuck and Nyala all in two days of hard hunting. Monica also had a fantastic time in the sticks! We look forward to seeing you on your return safari in the not to distant future with your grandson.

On our return home, we were greeted by lush green grass, trees full of succulent leaves and pods, plus dams and water points were overflowing from the superb rains that we had in January.

Most importantly all the game and their offspring, are just flourishing out there in their natural habitat ~ just wonderful to see the bush in such great shape and enough feed to carry us through the winter months of June & July.

Last but most certainly not least, the whole Johnny Vivier Safaris team would like to bid a very warm welcome to Jané Jordaan, who married PH Strauss at the end of last year and also to our ranch manager Herman Snyman and his fiancé Deidré, who will be helping Ansabet in the office

~ It is an absolute pleasure to welcome you Herman, Deidré and Jané to the JVS family and to also introduce you to all our JVS clients around the world!

Here's wishing you many, many years of happiness and a great working relationship under the JVS umbrella!!
