## KRIEGHOFF OPTIMA

**Krieghoff Optima**

*Drilling shown with additional options*

*Engraving: "Large game scene with leaf arabesques"*

**Optima standard configuration:**

- ▶ Set trigger integrated in the front trigger
- ▶ Universal Trigger System
- ▶ Combi-Cocking Device
- ▶ Steel trigger guard
- ▶ Front plate for pivot bridge mount<sup>1</sup>
- ▶ Steel shot proofed depending on choke size and material of the receiver
- ▶ Quick detachable sling swivels
- ▶ Steel base plate
- ▶ Nickel plated receiver finish
- ▶ Ornamental line engraved around receiver border
- ▶ Hinge screws, top latch, screws and pins are blued
- ▶ Standard wood
- ▶ Right-handed stock with Bavarian-style cheekpiece<sup>1</sup> and "Schnabel" forearm
- ▶ Supplied in Krieghoff GunPack

**Optima 12 and 20 drilling thermo stable**

**7.149,00 €**

Action available in steel or duraluminium; standard barrel length: 55 cm (22"), or 60 cm (24") optionally; standard stock length: 37 cm (14,5"), incl. 15 mm (0,6") rubber recoil pad in black.

Weight (Optima 12) ca. 3.600 – 4.000 g. Weight (Optima 20) ca. 3.400 – 3.800 g.

**Optima 12 and 20 Drilling traditionally soldered**

**7.455,00 €**

Action available in steel or duraluminium; standard barrel length: 60 cm (24"), or 55 cm (22") optionally; standard stock length: 37 cm (14,5"), incl. 15 mm (0,6") rubber recoil pad in black.

Weight (Optima 12) ca. 3.500 – 3.900 g. Weight (Optima 20) ca. 3.300 – 3.700 g.

**Optima 20 drilling with 1-2 special trigger system**

**8.469,00 €**

Features same action as Optima drilling, without the need for a barrel selector.

Further information on this exceptional version can be found in the Krieghoff

Hunting Gun Catalog. Weight ca. 3.400 – 3.800 g.

**Optima 20 double rifle drilling**

**8.434,00 €**

Steel receiver; standard barrel length: 55 cm (22"), or 60 cm (24") optionally; standard stock length: 37 cm (14,5"), incl. 15 mm (0,6") rubber recoil pad in black.

Weight ca. 4.000 g.

**Optima 20 double rifle drilling with 1-2 special trigger system**

**9.751,00 €**

Features same action as Optima double rifle drilling, without the need for a barrel selector. Further information on this exceptional version can be found in the

Krieghoff Hunting Gun Catalog.

<sup>1</sup> Except for Optima "Big Five".

**Optima 20 "Big Five" double rifle drilling<sup>1</sup>****14.541,00 €**

Steel receiver; standard barrel length: 60 cm (24"); traditionally soldered; standard stock length: 38 cm (15"), incl. 15 mm (0,6") rubber recoil pad in black; steel trigger base plate and heavy stock bolt for weight and balance optimization; open sight featuring wide V-shape middle sight, ball shaped front bead and "Big Five" stock contour.

**CALIBRES AND GAUGES**

Rimless cartridges require the installation of a spring-loaded extractor claw. Extra cost regarding this feature can be found under category "additional equipment".

**Optima 12 and 20 drilling thermo stable**

- ▶ **Rifle calibres:** 6,5x57R, 6,5x65R, 7x57R, 7x65R, .308 Win., .30-06, .30R Blaser, 8x57IRS, 8x75RS, 9,3x74R
- ▶ Optima 12 duraluminium receiver, standard gauge 12/70
- ▶ Optima 12 steel receiver, standard gauge 12/76
- ▶ Optima 20, standard gauge 20/76
- ▶ **Choke:** 1/2-3/4

**Optima 20 double rifle drilling**

- ▶ **Calibre:** 7x57R, 7x65R, .308 Win., .30-06, .30R Blaser, 8x57IRS, 8x75RS, 9,3x74R
- ▶ **Gauge:** 20/76
- ▶ **Choke:** 3/4

**Optima 20 „Big Five“ Doppelbüchsrdrilling**

- ▶ **Calibre:** .375 H&H Mag., .450/.400 N.E., .500/.416 N.E. (3 1/4"), .470 N.E.
- ▶ **Gauge:** 20/76
- ▶ **Choke:** 3/4

**Custom calibres and gauges****ab 1.215,00 €**

Further calibres and gauges on request.

**ADDITIONAL EQUIPMENT****Spring loaded extractor claws, per barrel****168,00 €**

For rimless cartridges

**Automatic set trigger release, per set trigger****122,00 €**

Not in combination with single trigger or Krieghoff 1-2 trigger

**Second set trigger installed in the rear trigger****544,00 €****Krieghoff 1-2 trigger****705,00 €**

(Double trigger, front trigger works as set trigger)

**Different barrel length**

- ▶ **60 cm (24")** for thermostable model Optima drilling
- ▶ **55 cm (22")** for traditionally soldered Optima drilling

**544,00 €****544,00 €****Single combination trigger featuring set trigger device, non selective****544,00 €**

Fixed firing sequence: right barrel – left barrel or bottom barrel – top barrel. Because of the fixed firing sequence, this feature is not recommended for models with selective barrels, e. g. drillings with insert barrels. Single triggers are generally available up to calibre .375, but not in combination with the automatic set trigger release.

<sup>1</sup> Custom made.

|   |                   |
|---|-------------------|
| <b>Cosmetic sideribs for models thermo stable</b>   | <b>342,00 €</b>   |
| For technical and aesthetic reasons, the side rib is best fitted after scope mounting and sighting-in and we strongly recommend that this process is carried out at the factory. Not available for Optima 12 featuring 60 cm (24") barrel length. |                   |
| <b>Krieghoff see through sight</b>  | <b>301,00 €</b>   |

| One barrel on drilling and double rifle drilling model Optima   | <b>324,00 €</b>   |
| Both barrels on Optima drilling   | <b>648,00 €</b>   |

## ENGRAVINGS

A display of our engraving motifs as well as custom engravings can be found on page 44.

## SCOPE MOUNTS

All models are equipped with a compact short rib for maximum strength and durability, and are prepared for the pivot bridge mount – In our view the best and most aesthetically pleasing mount for this type of gun.

|   |                        |

<sup>1</sup> Not available in conjunction with screw-in chokes.  
Please pay attention to the instructions about "scope mounts" on page 64.

## INTERCHANGEABLE BARREL SETS

Interchangeable barrel sets together with the complete forend wood assembly in standard grade wood. Barrel fitting, proof testing and sighting-in are included.

|  |             |
|--|-------------|
| ► Interchangeable drilling barrel, thermo stable <sup>1</sup>                                      | 3.854,00 €  |
| ► Interchangeable drilling barrel, traditionally soldered <sup>1</sup>                             | 4.180,00 €  |
| ► Interchangeable double rifle drilling barrel, traditionally soldered (only Optima 20)            | 5.220,00 €  |
| ► Interchangeable double rifle drilling barrel “Big Five”, traditionally soldered (only Optima 20) | 11.314,00 € |

## FLUSH FITTING BRILEY CHOKE INSTALLATION

**Flush at the barrel muzzle. Available in 12 and 20 gauge in the following constrictions:**

Cylinder (Cyl), Skeet (Sk), 1/4 (IC), 1/4–1/2 (LM), 1/2 (M), 3/4 (IM), 3/4–1/1 (LF), 1/1 (F), Super-1/1 (XF)

|   |          |
|---|----------|
| ► Fitting of chokes, per barrel <sup>2</sup>  | 141,00 € |
| ► Briley screw-in choke, suitable for lead or steel shot (12 and 20 gauge) <sup>2</sup> | 96,00 €  |
| ► Briley Choke wrench <sup>2</sup>  | 36,00 €  |
| ► “Speed” wrench for quick choke changes (12 and 20 gauge) <sup>2</sup>                 | 120,00 € |
| ► Briley Special grease for choke <sup>2</sup>  | 31,00 €  |
| ► Krieghoff Container for three chokes <sup>2</sup>                                     | 19,00 €  |
| ► Briley Container for five chokes <sup>2</sup>   | 21,00 €  |

## STOCKS & WOODWORK

A custom fit stock is almost entirely hand made with only minimal pre-machining. Atypical stock dimensions and longer stock lengths generally require a custom fit stock. Further information on request.

### Wood upgrade

|                |            |
|----------------|------------|
| ► Category 001 | 339,00 €   |
| ► Category 002 | 812,00 €   |
| ► Category 003 | 1.189,00 € |
| ► Category 004 | 1.599,00 € |

### Exclusive wood categories as stock blanks (hand-crafted)

Due to the high cost of raw materials, wood grades higher than 004 require a custom made stock.

|               |            |
|---------------|------------|
| ► Category C1 | 2.916,00 € |
| ► Category C2 | 3.789,00 € |
| ► Category C3 | 4.625,00 € |

### Right-handed stock (hand-crafted)<sup>2</sup>

|   |            |
|---|------------|
| ► Standard dimensions                                   | 737,00 €   |
| ► Special dimensions, made to customer's specifications | 1.072,00 € |

### Left-handed stock (hand-crafted)<sup>2</sup>

Left-handed stocks are always hand-crafted, to be able to offer all stock configurations also to left-handed shooters.

|   |            |
|---|------------|
| ► Standard dimensions                                   | 737,00 €   |
| ► Special dimensions, made to customer's specifications | 1.072,00 € |

<sup>1</sup> The gauge of the interchangeable barrel has to be the same shotgun gauge as the original barrel.

<sup>2</sup> Position is not discountable.

**Forearm (hand-crafted)<sup>1</sup>**

- ▶ Standard dimensions **194,00 €**
- ▶ Special dimensions, made to customer's specifications, beavertail or semi-beavertail forearm **447,00 €**

**Rubber recoil pad****322,00 €**

With leather cover; black or brown; 15, 20 or 25 mm; fitting included

**Stock magazine with hinged cover plate****1.050,00 €**

Ornamental line engraving to match receiver border included.

Other engravings upon request.

**EXCLUSIVE OPTIONS****"Façon Exclusive"****3.038,00 €**

The final shape and finish of the action body and furniture is individually created by the use of hand tools.

**Hand-polished stock-finish****949,00 €****Fine checkering instead of standard checkering<sup>2</sup>****139,00 €****Skip checkering instead of standard checkering<sup>2</sup>****94,00 €****Full carving on grip and forearm<sup>2</sup>****3.515,00 €**

Full carving with leaf arabesques, English arabesques, enhanced English arabesques or oak leaves.

**Fish scale checkering instead of standard checkering on grip and forearm<sup>2</sup>****3.515,00 €****Checkering with carved border on grip and forearm<sup>2</sup>****1.416,00 €**

Checkering surrounded by leaf arabesques, English arabesques, enhanced English arabesques or oak leaves.

**Ebony or rosewood cap on grip and forearm<sup>2</sup>****557,00 €****SURFACE FINISH**

Models featuring steel receivers in combination with steel base plates, can optionally be blued or nitrated.

- ▶ Blued surface finish **no extra charge**
- ▶ Nitrated surface finish **483,00 €**
- ▶ Complete nickel finish of all external parts **199,00 €**
- ▶ "PH-ProCoating" (corrosion resistant Ilaflon-Coating for barrel and receiver) **729,00 €**

**MONOGRAMS & LOCKS**

Monograms can be engraved into a separate steel plate, which is fitted into the pistol grip of the rear stock. Optionally, the monogram can be integrated into the trigger guard.

**Monogram plate, finished the same as the receiver**

- ▶ Inlet into pistol grip cap **122,00 €**
- ▶ Steel pistol grip cap fully covering, see page 62<sup>3</sup> **407,00 €**

<sup>1</sup> Position is not discountable.<sup>2</sup> Only available in conjunction with custom made stock and forearm.<sup>3</sup> Only available in conjunction with custom made stock.

**Monograms**

|  |          |
|--|----------|
| ▶ Two letters engraved                 | 224,00 € |
| ▶ Two letters engraved in relief style | 324,00 € |
| ▶ Two letters in silver                | 533,00 € |
| ▶ Two letters in gold                  | 732,00 € |

**Locks**

|   |          |
|---|----------|
| ▶ Internal lock parts nickel plated   | 365,00 € |
| ▶ Internal lock parts gold plated, triggers not included                        | 833,00 € |
| ▶ Trigger gold plated (for guns with only one trigger or single trigger option) | 149,00 € |
| ▶ Double triggers gold plated   | 207,00 € |

**KRIEGHOFF INSERT BARREL “KS” <sup>1</sup>**

The insert barrel “KS” can be sighted-in without removing it from the carrier barrel as adjustment is done at the muzzle of the insert barrel. The listed prices include fitting, proof testing and sighting-in. Drillings featuring light weight receivers, made from Duraluminium can only be equipped with .22 Hornet calibres and only if the lock up of the gun is in good condition.

The exception here is our Optima 20 drilling dural which features a specially designed lock up system, which is also suitable for larger calibres such as .222 Rem, 5.6x50R Mag. and 5.6x52R. The Optima drilling 12/76 (3") and 20/76 (3") in steel version accepts all insert barrel calibres up to 9.3x74R.

**Gauge 12**

|  |            |
|--|------------|
| ▶ .22 Hornet, .222 Rem., 5.6x50R Mag., 5.6x52R Savage, 6.5x57R, 7x57R, 7x65R, .30R Blaser, 8x57IRS, 8x75RS | 1.550,00 € |

|  | 1.876,00 € |

**EL 22 and EL 44****price on request**

<sup>1</sup> The Krieghoff Insert Barrel “KS” is not suitable for barrels equipped with Briley chokes.

## KRIEGHOFF ULTRA

### Krieghoff Ultra

Over & under double rifle shown with additional options

Engraving: "Large game scene with oak leaves"

#### Ultra standard configuration:

- ▶ Set trigger integrated in the front trigger
- ▶ Universal Trigger System
- ▶ Combi-Cocking Device
- ▶ Steel trigger guard
- ▶ Front plate for pivot bridge mount
- ▶ Steel shot proofed depending on choke size and material of the receiver
- ▶ Quick detachable sling swivels
- ▶ Steel base plate
- ▶ Nickel plated receiver finish
- ▶ Ornamental line engraved around receiver border
- ▶ Hinge screws, top latch, screws and pins are blued
- ▶ Standard wood
- ▶ Right-handed stock with Bavarian-style cheekpiece and "Schnabel" forearm
- ▶ Supplied in Krieghoff GunPack

#### Ultra 20 over & under rifle/shotgun combination thermo stable

4.512,00 €

Action available in steel or duraluminium; standard barrel length: 55 cm (22"), or 60 cm (24") optionally; standard stock length: 37 cm (14,5") incl. 15 mm (0,6") rubber recoil pad in black. Weight ca. 2.700 – 3.400 g.

#### Ultra 20 over & under rifle/shotgun combination traditionally soldered

4.818,00 €

Action available in steel or duraluminium; standard barrel length: 63,5 cm (25"), or 60 cm (24") optionally; standard stock length: 37 cm (14,5") incl. 15 mm (0,6") rubber recoil pad in black. Weight ca. 2.600 – 3.300 g.

#### Ultra 20 over & under double rifle thermo stable

5.239,00 €

Steel receiver; standard barrel length: 60 cm (24"), or 55 cm (22") optionally; standard stock length: 37 cm (14,5") incl. 15 mm (0,6") rubber recoil pad in black. Weight ca. 3.200 – 3.900 g.

#### Ultra 20 "Bergstutzen" thermo stable<sup>1</sup>

6.435,00 €

Steel receiver; standard barrel length: 60 cm (24"), or 55 cm (22") optionally; standard stock length: 37 cm (14,5") incl. 15 mm (0,6") rubber recoil pad in black. Weight ca. 3.100 – 3.800 g.

## CALIBRES AND GAUGES

Rimless cartridges require the installation of a spring-loaded extractor claw. Extra cost regarding this feature can be found under category "additional equipment".

#### Ultra 20 over & under rifle/shotgun combination (thermo stable and soldered)

- ▶ **Rifle calibres:** 6.5x57R, 6.5x65R, 7x57R, 7x65R, .308 Win., .30-06, .30R Blaser, 8x57IRS, 8x75RS, 9.3x74R
- ▶ **Shotgun gauges:** 20/76

<sup>1</sup> Available on request.

**Ultra 20 over & under double rifle thermo stable**

- ▶ Same calibres in both barrels.
- ▶ **Rifle calibres:** 7x57R, 7x65R, .308 Win., .30-06, .30R Blaser, 8x57IRS, 8x75RS, 9.3x74R

**Ultra 20 “Bergstutzen” thermo stable**

- ▶ **Rifle calibre bottom barrel:** .22 Ho., .222 Rem., .243 Win., 5.6x50R Mag, 5.6x52R, 6.5x57R, 6.5x65R
- ▶ **Rifle calibre top barrel:** 7x57R, 7x65R, .308 Win., .30-06, .30R Blaser, 8x57IRS, 8x75RS, 9.3x74R

**Custom calibres and gauges****ab 1.215,00 €**

Further calibres and gauges on request.

**ADDITIONAL EQUIPMENT****Spring loaded extractor claws, per barrel****168,00 €**

For rimless cartridges

**Automatic set trigger release, per set trigger****122,00 €**

Not in combination with single trigger or Krieghoff 1-2 trigger

**Second set trigger installed in the rear trigger****544,00 €****Krieghoff 1-2 trigger****705,00 €**

(Double trigger, front trigger works as set trigger)

**Different barrel length**

- ▶ **55 cm (22")** for thermostable model Ultra over & under double rifle and “Bergstutzen”
- ▶ **60 cm (24")** for thermostable model Ultra over & under rifle/shotgun combination

**no extra charge****544,00 €****Single combination trigger featuring set trigger device, non selective****544,00 €**

Fixed firing sequence: bottom barrel – top barrel. Because of the fixed firing sequence, this feature is not recommended for models with selective barrels, e. g. over & under rifles and “Bergstutzen”. Not available in combination with the automatic set trigger release.

**Krieghoff see through sight****301,00 €**

For Ultra 20 over &amp; under double rifle thermo stable

**2-way flip sight****97,00 €**

For Ultra over & under rifle/shotgun combination. Wide U-shaped middle sight for shotshell and slug use. Fine U-shaped sight for rifle use.

**Cosmetic sideribs for models thermo stable****342,00 €**

For technical and aesthetic reasons, the side rib is best fitted after scope mounting and sighting-in and we strongly recommend that this process is carried out at the factory.

**BreakKO recoil reducer****215,00 €**

Fitting included (weight: 350 g/12,3 oz, diameter: 22,5 mm, length: 100 mm)

**Shotgun barrels sighted-in with slugs according to “Langenhagener Norm”:<sup>1</sup>**

Shotgun barrels sighted-in according to “Langenhagener Norm” require a group of less than 10 cm with 5 slugs fired at a distance of 50 meters. In cases of fire arms with two shotgun barrels, the group has to be less than 15 cm.

▶ **Models thermo stable:**

One barrel on Ultra 20 over &amp; under rifle/shotgun combination

**164,00 €**▶ **Traditional soldered models:**

<sup>1</sup> Please pay attention to the instructions about “scope mounts” on page 64.

One barrel on Ultra 20 over & under rifle/shotgun combination

**324,00 €**

## ENGRAVINGS

A display of our engraving motifs as well as custom engravings can be found on page 44.

## SCOPE MOUNTS

All models are equipped with a compact short rib for maximum strength and durability, and are prepared for the pivot bridge mount – In our view the best and most aesthetically pleasing mount for this type of gun.

## FLUSH FITTING BRILEY CHOKE INSTALLATION

**Flush at the barrel muzzle. Available in 20 gauge in the following constrictions:**

Cylinder (Cyl), Skeet (Sk), 1/4 (IC), 1/4–1/2 (LM), 1/2 (M), 3/4 (IM), 3/4–1/1 (LF), 1/1 (F), Super-1/1 (XF)

- |   |                 |
|---|-----------------|
| ▶ Fitting of chokes, per barrel <sup>3</sup>  | <b>141,00 €</b> |
| ▶ Briley screw-in choke, suitable for lead or steel shot (12 and 20 gauge) <sup>4</sup> | <b>96,00 €</b>  |
| ▶ Briley Choke wrench <sup>4</sup>  | <b>36,00 €</b>  |
| ▶ “Speed” wrench for quick choke changes (12 and 20 gauge) <sup>4</sup>                 | <b>120,00 €</b> |
| ▶ Briley Special grease for choke <sup>4</sup>  | <b>31,00 €</b>  |
| ▶ Krieghoff Container for three chokes <sup>4</sup>                                     | <b>19,00 €</b>  |
| ▶ Briley Container for five chokes <sup>4</sup>   | <b>21,00 €</b>  |

<sup>1</sup> Designated “driven hunt scopes” are scopes on which the objective diameter is the same as the middle tube diameter. This kind of scopes can be mounted with the same distance in between the two mount bases as the regular pivot rail mount.

<sup>2</sup> Available on request.

<sup>3</sup> Position is not discountable.

## STOCKS & WOODWORK

A custom fit stock is almost entirely hand made with only minimal pre-machining. Atypical stock dimensions and longer stock lengths generally require a custom fit stock. Further information on request.

### Wood upgrade

|                |            |
|----------------|------------|
| ► Category 001 | 339,00 €   |

| ▶ Double triggers gold plated   | <b>207,00 €</b> |

**KRIEGHOFF INSERT BARREL "KS" <sup>1</sup>**

The insert barrel "KS" can be sighted-in, without deinstalling it from the carrier barrel. All adjustment is done at the muzzle of the insert barrel. The listed prices already include fitting, state certified proof and sighting-in. Over & under rifle/shotgun combination featuring light weight receivers, made from Duraluminium can only be equipped with 5,6x52R Mag calibres and only, if the lock up of the gun is in good condition.

**Gauge 20**

|   |                   |
|---|-------------------|
| ▶ .22 Hornet, .222 Rem., 5.6x50R Mag., 5.6x52R Savage | <b>1.550,00 €</b> |
| ▶ 6.5x57R, 7x57R, 7x65R, .30R Blaser, 8x57IRS, 8x75RS | <b>1.769,00 €</b> |
| ▶ .308 Win., .30-06, 9.3x74R                          | <b>1.876,00 €</b> |

**EL 22 and EL 44****price on request**

<sup>1</sup> The Krieghoff Insert Barrel "KS" is not suitable for barrels equipped with Briley chokes.

## KRIEGHOFF CLASSIC

### Krieghoff Classic

Double Rifle "Big Five" shown with additional options;  
custom engraving and Big Five stock

#### Classic standard configuration:

- ▶ Set trigger integrated in the front trigger<sup>1</sup>
- ▶ Steel receiver
- ▶ Universal Trigger System
- ▶ Combi-Cocking Device
- ▶ Steel trigger plate and Steel trigger guard
- ▶ Front plate for pivot bridge mount<sup>1</sup>
- ▶ Quick detachable sling swivels
- ▶ Nickel plated receiver finish
- ▶ Ornamental line engraved around receiver border
- ▶ Hinge screws, top latch, screws and pins are blued
- ▶ Standard wood
- ▶ Right-handed stock with Bavarian-style cheekpiece<sup>1</sup> and "Schnabel" forearm
- ▶ Supplied in Krieghoff GunPack

#### Classic double rifle

Standard barrel length: 60 cm (24"), or 55 cm (22") optionally; standard stock length: 37 cm (14,5") incl. 15 mm (0,6") rubber recoil pad in black. Weight ca. 3.300 – 3.700 g.

6.603,00 €

#### Classic "Big Five" double rifle

Standard barrel length: 60 cm (24"); standard stock length: 38 cm (15"); articulated front trigger without set trigger device; special weighted stock-bolt for optimum weight and balance; V-Shaped rear sight with bead front sight; right-handed "Big Five" stock incl. "Old English" rubber recoil pad in black. Weight ca. 4.200 – 4.800 g.

9.125,00 €

#### Classic side-by-side shotgun

Standard barrel length: 71 cm (28"); standard stock length: 37 cm (14,5") incl. 15 mm (0,6") rubber recoil pad in black; Steel shot proofed depending on choke size. Weight ca. 2.900 – 3.100 g.

6.509,00 €

#### Classic side-by-side rifle/shotgun combination<sup>2</sup>

Standard barrel length: 60 cm (24"); standard stock length: 37 cm (14,5") incl. 15 mm (0,6") rubber recoil pad in black. Steel shot proofed depending on choke size. Weight ca. 2.900 – 3.100 g.

8.654,00 €

## CALIBRES AND GAUGES

Rimless cartridges require the installation of a spring-loaded extractor claw. Extra cost regarding this feature can be found under category "additional equipment".

#### Classic Double rifle

- ▶ **Rifle calibres:** 7x57R, 7x65R, .308 Win., .30-06, .30R Blaser, 8x57IRS, 8x75RS, 9.3x74R

<sup>1</sup> Except for Classic "Big Five".

<sup>2</sup> Custom made.

**Classic “Big Five” double rifle**

- ▶ **Rifle calibres:** .375 Flanged Mag. N.E., .375 H&H Mag., .450/.400 N.E., .500/.416 N.E. (3 ¼"), .470 N.E., .500 N.E. (3")

**Classic side-by-side shotgun**

- ▶ **Shotgun gauges:** 20/76

**Classic side-by-side rifle/shotgun combination**

- ▶ **Shotgun gauges:** 20/76
- ▶ **Rifle calibres:** on request

**Custom calibres and gauges**

Further calibres and gauges on request.

**ab 1.215,00 €**

**ADDITIONAL EQUIPMENT****Intelligent Ejector System (IES)**

Fitting only possible for new guns, retro-fitting to existing guns is not offered.

**1.623,00 €**

**Spring loaded extractor claws, per barrel**

For rimless cartridges

**168,00 €**

**Automatic set trigger release, per set trigger**

Not in combination with single trigger or Krieghoff 1-2 trigger

**122,00 €**

**Second set trigger installed in the rear trigger**

**544,00 €**

**Krieghoff 1-2 trigger**

(Double trigger, front trigger works as set trigger)

**705,00 €**

**Different barrel length**

- ▶ **55 cm (22")** for Classic double rifle (barrel length not available for Classic “Big Five” double rifle)

**544,00 €**

**Single combination trigger featuring set trigger device, non selective**

Fixed firing sequence: right barrel – left barrel. Because of the fixed firing sequence, this feature is not recommended for models with selective barrels, e. g. side-by-side rifle/shotgun combination. Single triggers are generally available up to calibre .375, but not in combination with the automatic set trigger release.

**544,00 €**

**Krieghoff see through sight**

For Classic double rifle and Classic “Big Five” double rifle

**301,00 €**

**Folding and express sights**

- ▶ Express sights with two folding leaves for Classic “Big Five” double rifle
- ▶ Express sights with two folding leaves for Classic “Big Five” double rifle; Sighting-in distances and vertical gold lines inlaid into both fixed and folding leaves.

**642,00 €**

**1.076,00 €**

**BreaKO recoil reducer**

Fitting included (weight: 350 g/12.3 oz, diameter: 22,5 mm, length: 100 mm)

**215,00 €**

**Shotgun barrels sighted-in with slugs according to “Langenhagener Norm”:<sup>1</sup>**

Shotgun barrels sighted-in according to “Langenhagener Norm” require a group of less than 10 cm with 5 slugs fired at a distance of 50 meters. In cases of fire arms with two shotgun barrels, the group has to be less than 15 cm.

- ▶ **Traditional soldered models:**

One barrel on Classic side-by-side shotgun or rifle/shotgun combination

Both barrels on Classic side-by-side shotgun

**324,00 €**

**648,00 €**

<sup>1</sup> Please pay attention to the instructions about “scope mounts” on page 64.

## ENGRAVINGS

A display of our engraving motifs as well as custom engravings can be found on page 44.

## SCOPE MOUNTS

All models are equipped with a compact short rib for maximum strength and durability, and are prepared for the pivot bridge mount – In our view the best and most aesthetically pleasing mount for this type of gun.

### Classic Double rifle

- |   |                   |

| ► Double triggers gold plated   | <b>207,00 €</b> |

<sup>1</sup> Only available in conjunction with custom made stock and forearm.

<sup>2</sup> Only available in conjunction with custom made stock.

## KRIEGHOFF HUBERTUS

### Krieghoff Hubertus

Single shot rifle shown with additional options  
Engraving: "Fine English with roses & bouquet"

#### Hubertus standard configuration:

- ▶ Set trigger integrated in the front trigger
- ▶ Universal Trigger System
- ▶ Combi-Cocking Device
- ▶ Steel trigger guard
- ▶ Front plate for pivot bridge mount
- ▶ Quick detachable sling swivels
- ▶ Nickel plated receiver finish
- ▶ Steel base plate
- ▶ Ornamental line engraved around receiver border
- ▶ Hinge screws, top latch, screws and pins are blued
- ▶ Standard wood
- ▶ Right-handed stock with Bavarian-style cheekpiece and "Schnabel" forearm
- ▶ Supplied in Krieghoff GunPack

#### Hubertus single shot rifle

Standard barrel length: 60 cm (24") or 55 cm (22") optionally; standard stock length: 37 cm (14,5") incl. 15 mm (0,6") rubber recoil pad in black.

- ▶ **Standard calibre**  
Action available in steel or duraluminium. Weight ca. 2.500 – 3.200 g.
- ▶ **Magnum calibre**  
Action available in steel only. Weight ca. 2.900 – 3.200 g.

4.228,00 €

5.702,00 €

#### Hubertus single shot rifle with octagonal barrel

Action available in steel or duraluminium; sling swivel base is milled directly onto the barrel. Weight ca. 2.600 – 3.300 g.

5.239,00 €

## CALIBRES AND GAUGES

Rimless cartridges require the installation of a spring-loaded extractor claw. Extra cost regarding this feature can be found under category "additional equipment".

#### Hubertus single shot rifle

- ▶ **Standard calibre:**  
.222 Rem., .22-250 Rem., 5.6x50R Mag., 5.6x52R, .243 Win.<sup>1</sup>,  
6x62R Frères<sup>1</sup>, .270 Win., 6.5x57R, 6.5x65R, 7x57R, 7x65R, .308 Win.<sup>1</sup>, .30-06<sup>1</sup>,  
.30R Blaser<sup>1</sup>, 8x57IRS, 8x75RS, 9.3x74R
- ▶ **Magnum calibre:**<sup>1</sup>  
7mm Rem. Mag., 300 Win. Mag.

#### Hubertus single shot rifle with octagonal barrel

- ▶ 6.5x57R, 6.5x65R, 7x57R, 7x65R, .308 Win.<sup>1</sup>, .30-06<sup>1</sup>, .30R Blaser<sup>1</sup>

#### Custom calibres and gauges

Further calibres and gauges on request.

ab 1.215,00 €

<sup>1</sup> For those calibres only steel action available.

## ADDITIONAL EQUIPMENT

|   |                        |

## ENGRAVINGS

A display of our engraving motifs as well as custom engravings can be found on page 44.

## SCOPE MOUNTS

All models are equipped with a compact short rib for maximum strength and durability, and are prepared for the pivot bridge mount – In our view the best and most aesthetically pleasing mount for this type of gun.

|                      |                 |
|----------------------|-----------------|
| ▶ Pivot bridge mount | <b>768,00 €</b> |
|----------------------|-----------------|

## INTERCHANGEABLE BARREL SETS

Interchangeable barrel sets together with the complete forend wood assembly in standard grade wood. Barrel fitting, proof testing and sighting-in are included.

|  |                   |
|--|-------------------|
| ▶ Interchangeable barrel in standard calibre                   | <b>1.972,00 €</b> |
| ▶ Interchangeable barrel in magnum calibre (steel action only) | <b>3.446,00 €</b> |
| ▶ Interchangeable octagonal barrel in standard calibre         | <b>2.987,00 €</b> |
| ▶ Interchangeable shotgun barrel gauge 28/76                   | <b>1.972,00 €</b> |

## STOCKS & WOODWORK

A custom fit stock is almost entirely hand made with only minimal pre-machining. Atypical stock dimensions and longer stock lengths generally require a custom fit stock. Further information on request.

### Wood upgrade

|                |                   |
|----------------|-------------------|
| ▶ Category 001 | <b>339,00 €</b>   |

<sup>3</sup> Only available in conjunction with custom made stock.

## KRIEGHOFF TRUMPF

### *Krieghoff Trumpf*

*Double rifle drilling shown with additional options and Ornamental line engraving borders receiver*

#### **Trumpf standard configuration:**

- ▶ Classic three lock drilling
- ▶ Separate manual cocking device for rifle barrel
- ▶ Set trigger integrated in the front trigger
- ▶ Universal Trigger System
- ▶ Steel trigger guard
- ▶ Front plate for pivot bridge mount
- ▶ Steel shot proofed depending on choke size and material of the receiver
- ▶ Steel base plate
- ▶ Quick detachable sling swivels
- ▶ Nickel plated receiver finish
- ▶ Ornamental line engraved around receiver border
- ▶ Hinge screws, top latch, screws and pins are blued
- ▶ Standard wood
- ▶ Right-handed stock with Bavarian-style cheekpiece and "Schnabel" forearm
- ▶ Supplied in Krieghoff GunPack

#### **Trumpf 12 and 20 drilling thermo stable**

Action available in steel or duraluminium; standard barrel length: 55 cm (22"), or 60 cm (24") optionally; standard stock length: 37 cm (14,5") incl. 15 mm (0,6") rubber recoil pad in black. Weight ca. 3.400 – 3.800 g.

**8.171,00 €**

#### **Trumpf 12 and 20 drilling traditionally soldered**

Action available in steel or duraluminium; standard barrel length: 60 cm (24"), or 55 cm (22") optionally; standard stock length: 37 cm (14,5") incl. 15 mm (0,6") rubber recoil pad in black. Weight (Trumpf 12) ca. 3.500 – 3.900 g. Weight (Trumpf 20) ca. 3.300 – 3.700 g.

**8.477,00 €**

#### **Trumpf 20 double rifle drilling**

Steel receiver; standard barrel length: 55 cm (22"), or 60 cm (24") optionally; standard stock length: 37 cm (14,5") incl. 15 mm (0,6") rubber recoil pad in black. Weight ca. 4.000 g.

**9.456,00 €**

## CALIBRES AND GAUGES

Rimless cartridges require the installation of a spring-loaded extractor claw. Extra cost regarding this feature can be found under category "additional equipment".

#### **Trumpf 12 and 20 drilling thermo stable and drilling traditionally soldered**

- ▶ **Rifle calibres:** 6,5x57R, 6,5x65R, 7x57R, 7x65R, .308 Win., .30-06, .30R Blaser, 8x57IRS, 8x75RS, 9,3x74R
- ▶ Trumpf 12 duraluminium receiver, standard gauge 12/70
- ▶ Trumpf 12 steel receiver, standard gauge 12/76
- ▶ Trumpf 20, standard gauge 20/76
- ▶ **Choke:** 1/2–3/4

#### **Trumpf 20 double rifle drilling**

- ▶ **Rifle calibres:** 7x57R, 7x65R, .308 Win., .30-06, .30R Blaser, 8x57IRS, 8x75RS, 9,3x74R
- ▶ **Shotgun gauge:** 20/76
- ▶ **Choke:** 3/4

**Custom calibres and gauges**  
Further calibres and gauges on request.

**ab 1.215,00 €**

## ADDITIONAL EQUIPMENT

**Spring loaded extractor claws, per barrel** **168,00 €**  
For rimless cartridges

**Second set trigger installed in the rear trigger** **544,00 €**

### Different barrel length

- ▶ **60 cm (24")** for thermo stable model Trumpf drilling **544,00 €**
- ▶ **55 cm (22")** for traditionally soldered model Trumpf drilling **544,00 €**

### Cosmetic sideribs for models thermo stable

The cosmetic siderib (available in different heights) is generally fitted after the rifle is sighted-in. For technical and aesthetic reasons, we strongly recommend that the scope mounting and sighting-in process is carried out at the factory. Not available for Trumpf 12 featuring 60 cm (24") barrel length.

**342,00 €**

### Krieghoff see through sight

For Trumpf double rifle drilling

**301,00 €**

### 2-way flip sight

For Trumpf drilling. Wide U-shaped middle sight for shotshell and slug use.  
Fine U-shaped sight for rifle use.

**97,00 €**

### BreaKO recoil reducer

Fitting included (weight: 350 g/12,3 oz, diameter: 22,5 mm, length: 100 mm)

**215,00 €**

### Shotgun barrels sighted-in with slugs according to "Langenhagener Norm":<sup>1</sup>

Shotgun barrels sighted-in according to "Langenhagener Norm" require a group of less than 10 cm with 5 slugs fired at a distance of 50 meters. In cases of fire arms with two shotgun barrels, the group has to be less than 15 cm.

#### ▶ Models thermo stable:

One barrel on Trumpf 12 and 20 thermo stable  
Both barrels on Trumpf 12 and 20 thermo stable

**164,00 €**

**381,00 €**

#### ▶ Traditional soldered models:

One barrel on Trumpf drilling, double rifle drilling  
Both barrels on Trumpf drilling

**324,00 €**

**648,00 €**

## ENGRAVINGS

A display of our engraving motifs as well as custom engravings can be found on page 44.

## SCOPE MOUNTS

All models are equipped with a compact short rib for maximum strength and durability, and are prepared for the pivot bridge mount – In our view the best and most aesthetically pleasing mount for this type of gun.

### Trumpf 12 and 20 drilling thermo stable

### Trumpf 20 double rifle drilling

- ▶ Pivot bridge mount **1.124,00 €**
- ▶ Tip-off mount for red dot sight **748,00 €**

<sup>1</sup> Please pay attention to the instructions about "scope mounts" on page 64.

## INTERCHANGEABLE BARREL SETS

Interchangeable barrel sets together with the complete forend wood assembly in standard grade wood. Barrel fitting, proof testing and sighting-in are included.

|   |            |
|---|------------|
| ► Interchangeable drilling barrel, thermo stable <sup>1</sup>                     | 3.854,00 € |
| ► Interchangeable drilling barrel, traditionally soldered                         | 4.180,00 € |
| ► Interchangeable double rifle barrel, traditionally soldered<br>(only Trumpf 20) | 5.220,00 € |

## FLUSH FITTING BRILEY CHOKE INSTALLATION

**Flush at the barrel muzzle. Available in 12 and 20 gauge in the following constrictions:**

Cylinder (Cyl), Skeet (Sk), 1/4 (IC), 1/4–1/2 (LM), 1/2 (M), 3/4 (IM), 3/4–1/1 (LF), 1/1 (F), Super-1/1 (XF)

|   |          |
|---|----------|
| ► Fitting of chokes, per barrel <sup>2</sup>  | 141,00 € |
| ► Briley screw-in choke, suitable for lead or steel shot (12 and 20 gauge) <sup>2</sup> | 96,00 €  |
| ► Choke wrench  | 36,00 €  |
| ► “Speed” wrench for quick choke changes (12 and 20 gauge)                              | 120,00 € |
| ► Briley Special grease for choke   | 31,00 €  |
| ► Krieghoff Container for three chokes  | 19,00 €  |
| ► Briley Container for five chokes  | 21,00 €  |

## STOCKS & WOODWORK

A custom fit stock is almost entirely hand made with only minimal pre-machining. Atypical stock dimensions and longer stock lengths generally require a custom fit stock. Further information on request.

### Wood upgrade

|                |            |
|----------------|------------|
| ► Category 001 | 339,00 €   |
| ► Category 002 | 812,00 €   |
| ► Category 003 | 1.189,00 € |
| ► Category 004 | 1.599,00 € |

### Exclusive wood categories as stock blanks (hand-crafted)

Due to the high cost of raw materials, wood grades higher than 004 require a custom made stock.

|               |            |
|---------------|------------|
| ► Category C1 | 2.916,00 € |
| ► Category C2 | 3.789,00 € |
| ► Category C3 | 4.625,00 € |

### Right-handed stock (hand-crafted)<sup>2</sup>

|   |            |
|---|------------|
| ► Standard dimensions                                   | 737,00 €   |
| ► Special dimensions, made to customer’s specifications | 1.072,00 € |

### Left-handed stock (hand-crafted)<sup>2</sup>

Left-handed stocks are always hand-crafted, to be able to offer all stock configurations also to left-handed shooters.

|   |            |
|---|------------|
| ► Standard dimensions                                   | 737,00 €   |
| ► Special dimensions, made to customer’s specifications | 1.072,00 € |

<sup>1</sup> The gauge of the interchangeable barrel has to be the same as the gauge of the original barrel.

<sup>2</sup> Position is not discountable.

**Forearm (hand-crafted)<sup>1</sup>**

<sup>1</sup> The Krieghoff Insert Barrel “KS” is not suitable for barrels equipped with Briley chokes.

## KRIEGHOFF K-80, K-20 AND KX-6

### KRIEGHOFF K-80 WITH FIXED CHOKES

#### K-80 standard configuration with fixed chokes:

- ▶ Nickel plated steel action
- ▶ Hinge screws, top latch, screws and pins are blued
- ▶ Selectable, mechanical single trigger
- ▶ Length adjustable trigger blade
- ▶ Light scroll engraving pattern
- ▶ Adjustable comb
- ▶ Standard wood
- ▶ Stock finish: epoxy
- ▶ Supplied in a gun case

You can find the available gauges of the different K-80 variations in the K-80 Matrix on page 38.

Please find optional Briley screw-in chokes can be found under category “Service” on page 55.

*K-80 Sporting shown with additional options and custom engraving*

#### K-80 Sporting – Trap – Skeet

Barrel length: 76 cm (30") or 81 cm (32"); free-floated barrel set; various stocks for Sporting/International Skeet or Trap, featuring Monte Carlo or straight style; forearm styles can be individually selected.

K-80 Sporting/Skeet, Weight ca. 3.950 g<sup>1</sup>. Trap, Weight ca. 4.070 g<sup>1</sup>.

11.334,00 €

.....

*K-80 Parcours shown with additional options and custom engraving*

#### K-80 Parcours

Barrel length: 71<sup>2</sup> (28"), 76 (30") or 81 cm (32"); full length soldered barrel set; “Parcours” stock, right-handed; fixed comb; “Parcours” forearm.

Optionally available with non-adjustable comb and oil finish.

Weight with adjustable comb ca. 3.620 g<sup>1</sup>.

Weight with non-adjustable comb ca. 3.610 g<sup>1</sup>.

11.852,00 €

<sup>1</sup> Sample weight, barrel length 76 cm (30"), cal. 12/76. Declarations of weight can differ up to 10% due to the natural material of wood.

<sup>2</sup> Only available with Briley chokes.

## KRIEGHOFF K-80 WITH SCREW-IN CHOKES

### K-80 standard configuration with screw-in chokes:

- ▶ Free-floated barrel set
- ▶ Extended factory screw-in chokes, incl. five steel choke tubes and choke wrench
- ▶ Nickel plated steel action
- ▶ Hinge screws, top latch, screws and pins are blued
- ▶ Selectable, mechanical single trigger
- ▶ Length adjustable trigger blade
- ▶ Light scroll engraving pattern
- ▶ Adjustable comb
- ▶ Standard wood
- ▶ Stock finish: epoxy
- ▶ Supplied in a gun case

You can find the available gauges of the different K-80 variations in the K-80 Matrix on page 38.

*K-80 Sporting shown with additional options and custom engraving*

#### K-80 Sporting

Barrel length: 71 (28"), 76 (30") or 81 cm (32"); soldered rib: 10 mm taper flat; "Sporting" stock with "Schnabel" forearm. Weight ca. 3.980 g<sup>1</sup>.

11.860,00 €

*K-80 ProSporter shown with additional options and engraving option "Renaissance"*

#### K-80 ProSporter

Barrel length: 76 (30") or 81 cm (32"); adjustable rib: 10 mm tapered (12 mm with chamfer); "ProSporter" stock with "Schnabel" forearm stock. Weight ca. 4.120 g<sup>1</sup>.

12.437,00 €

SPORT

<sup>1</sup> Sample weight, barrel length 76 cm (30"), cal. 12/76. Declarations of weight can differ up to 10% due to the natural material of wood.

**K-80 Trap** shown with additional options and engraving option "Super Scroll"

**K-80 Trap**

Barrel length: 76 (30") or 81 cm (32"); soldered rib: 12 mm taper step; Monte Carlo style "Trap" right-handed stock with "Trap" forearm. Weight ca. 4.120 g<sup>1</sup>.

11.860,00 €

**K-80 ProTrap** shown with additional options and engraving option "Heritage Game I"

**K-80 ProTrap**

Barrel length: 76 (30") or 81 cm (32"); adjustable rib: 10 mm tapered (12 mm with chamfer); highest selectable shot pattern: 70/30; "ProTrap" right-handed stock with "Trap" forearm. Weight ca. 4.070 g<sup>1</sup>.

12.437,00 €

**K-80 Trap Special** shown with additional options and adjustable butt plate as well as engraving option "Vintage Scroll"

**K-80 Trap Special**

Barrel length: 76 (30") or 81 cm (32"); adjustable rib: "Trap Special" 10 mm tapered (12 mm with chamfer); highest selectable shot pattern: 100 % (optionally "Pro" rib featuring 120 % high pattern); "Trap Special Rollover" right-handed stock with "Trap" forearm. Weight ca. 4.310 g<sup>1</sup>.

12.612,00 €

**K-80 Double Trap Special** shown with additional options and blued engraving option "Gold Standard"

**K-80 Double Trap Special**

Barrel length: 76 (30") or 81 cm (32"); adjustable rib: "Double Trap Special" 10 mm tapered (12 mm with chamfer); highest selectable shot pattern: 100 %; "Trap Special" right-handed stock, including an additional higher comb in black (see picture above); "Trap" forearm. Weight ca. 4.410 g<sup>1</sup>.

12.962,00 €

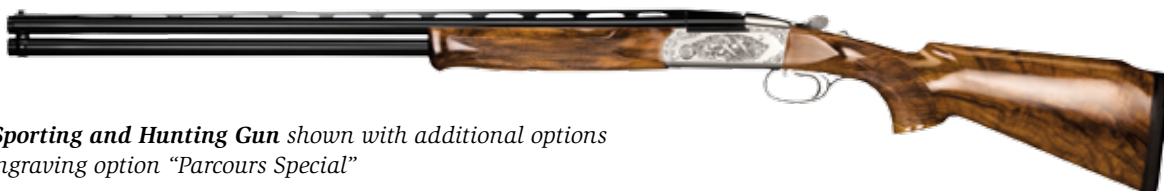

<sup>1</sup> Sample weight, barrel length 76 cm (30"), cal. 12/76. Declarations of weight can differ up to 10% due to the natural material of wood.

## KRIEGHOFF K-20

### K-20 standard configuration:

- ▶ Free-floated barrel set
- ▶ Extended factory screw-in chokes, incl. five steel choke tubes and choke wrench
- ▶ Nickel plated steel action
- ▶ Hinge screws, top latch, screws and pins are blued
- ▶ Selectable, mechanical single trigger
- ▶ Length adjustable trigger blade
- ▶ Light scroll engraving pattern
- ▶ Standard wood
- ▶ Stock finish: epoxy
- ▶ Supplied in a gun case

For available gauges of the K-20 variants, see page 34.

*K-20 Sporting and Hunting Gun shown with additional options and engraving option "Parcours Special"*

### K-20 Sporting and Hunting Gun

Barrel length: 76 (30") or 81 cm (32"); soldered rib: 10 mm taper flat, soldered; non-adjustable "Sporting" stock with "Schnabel" forearm. Weight ca. 3.500 g<sup>1</sup>.

11.860,00 €

*K-20 ProSporter shown with additional options and custom engraving*

### K-20 ProSporter

Barrel length: 76 (30") and 81 cm (32"); 10 mm tapered (12 mm with chamfer); adjustable "ProSporter" right-handed stock with "Schnabel" forearm. Weight ca. 3.690 g<sup>1</sup>.

12.437,00 €

## KRIEGHOFF KX-6 SPECIAL

### KX-6 standard configuration:

- ▶ Nickered action finish
- ▶ Extended factory screw-in chokes, incl. three choke tubes and choke wrench;
- ▶ Length adjustable trigger blade
- ▶ Supplied in a gun case

*KX-6 Single Barrel Shotgun in standard configuration*

### KX-6 - Single barrel shotgun

Barrel length: 86 cm (34"); adjustable rib 12 mm taper flat; right-handed Monte Carlo "Trap" stock with adjustable comb and "Trap" forearm. Weight ca. 3.890 g<sup>1</sup>.

5.265,00 €

<sup>1</sup> Sample weight, barrel length 76 cm (30"), cal. 12/76. Declarations of weight can differ up to 10% due to the natural material of wood.

## STANDARD GAUGES

### K-80

- ▶ 12/76 (3"), 20/76 (3"), 28/76 (3"), chambers are chrome plated
- ▶ .410/76 (3"), chambers are not chrome plated

### K-20

- ▶ 20/76 (3"), 28/76 (3"), chambers are chrome plated
- ▶ .410/76 (3"), chambers are not chrome plated

### KX-6

- ▶ 12/76 (3"), chambers are chrome plated

A list of all available barrel set combinations is shown on page 38.

## ADDITIONAL EQUIPMENT

### Krieghoff Balance System<sup>1</sup>

- ▶ **Barrel weight for K-80, gauge 12, per item** **89,00 €**  
The barrel can be provided with up to three additional 40 g weights underneath the forend, thus making an increase of 120 g at the front end possible.
- ▶ **Stock weight for K-80**  
The buttstock can be equipped with a special stock bolt, which is 40 g heavier than a standard stock bolt, and can accept up to three additional 30 g weights. Thus, making buttstock up to 130 g heavier.  
Price for stock screw including on extra weight **110,00 €**  
Price for further extra weights, per item **47,00 €**

### Adjustable butt plate

For K-80 Trap variants and KX-6 (Does not include pad) **389,00 €**  
For all other K-80s (Includes recoil pad) **575,00 €**

### Length of pull adjustment option

For K-80 and KX-6 – Length of pull can be easily adjusted with the addition of optional pre-fitted 6,4 mm (1/4") spacers. Only in conjunction with adjustable butt plate. Price per item. **26,00 €**

### Barrel porting

For gauge 12 – recoil and muzzle jump is reduced. Price per barrel. **279,00 €**

### "Matched Pairs"

Upcharge of 10% with any order of a matching pair. This includes consecutive numbers and Stocks matching in colour, figure and weight. Both guns are identically balanced. **+10%**

### Krieghoff HiViz Pro Shotgun Sight

**47,00 €**

## ENGRAVINGS

A display of our engraving motifs as well as custom engravings can be found on page 44.

## SURFACE FINISH

- ▶ Blued action and forend iron, including all external metal parts **no extra charge**
- ▶ Complete nickel finish of all external metal parts **131,00 €**
- ▶ Nitrate surface treatment of action and forend iron, including all external metal parts **475,00 €**

<sup>1</sup> Position is not discountable.

## INTERCHANGEABLE BARRELS

Please find a table of the interchangeable barrel options on page 38. Barrels do not include a forearm.

### Interchangeable barrel K-80 with fixed chokes

- ▶ **K-80 Sporting/Skeet** **3.770,00 €**  
Free-floated barrel set; barrel length: 76 (30") or 81 cm (32")
- ▶ **K-80 Trap** **3.770,00 €**  
Free-floated barrel set; barrel length: 76 (30") or 81 cm (32")
- ▶ **K-80 Parcours** **4.201,00 €**  
Full length soldered barrel set; barrel length: 71<sup>1</sup> (28"), 76 (30") or 81 cm (32")  
Forend hanger for adapting free-floated barrel sets optional available
- ▶ **K-80 Trap Special/ProSporter/ProTrap** **price on request**

### Interchangeable barrel K-80 with screw-in chokes

Free-floated barrel set; extended factory screw-in chokes, including two choke tubes and choke wrench

- ▶ **K-80 Trap** **4.303,00 €**  
Rib: 12 mm taper step, soldered; barrel length: 76 (30") or 81 cm (32")
- ▶ **K-80 ProTrap/K-80 ProSporter** **4.878,00 €**  
Gauge: 12/76, 20/76, 28/76, .410/76; Rib: 10 mm taper flat, adjustable; barrel length: 76 (30") or 81 cm (32")
- ▶ **K-80 Trap Special** **4.878,00 €**  
Rib: "Trap Special" 10 mm taper flat, adjustable; highest selectable shot pattern: 100 % (alternative "Pro" rib with 120 % high pattern); barrel length: 76 (30") or 81 cm (32")
- ▶ **K-80 Double Trap Special<sup>2</sup>** **5.007,00 €**  
Rib: "Double Trap Special" 10 mm taper flat, adjustable; barrel length: 76 (30") or 81 cm (32")
- ▶ **K-80 Sporting/Skeet** **4.303,00 €**  
Gauge: 12/76, 20/76<sup>3</sup>, 28/76<sup>3</sup>, .410/76<sup>3</sup>; Rib: 10 mm taper flat, soldered; barrel length: 71 (28"), 76 (30") or 81 cm (32")
- ▶ **K-80 Unsingle/Topsingle** **5.868,00 €**  
Rib: 12 mm taper step, adjustable; barrel length: 86 cm (34")

### Interchangeable barrel K-20 with screw-in chokes

Free-floated barrel set; extended factory screw-in chokes, including two choke tubes and choke wrench

- ▶ **K-20 Sporting** **4.303,00 €**  
Gauge: 20/76, 28/76, .410/76; Rib: 10 mm taper flat, soldered; barrel length: 71 (28"), 76 (30") or 81 cm (32")
- ▶ **K-20 ProSporter** **4.878,00 €**  
Gauge: 20/76, 28/76, .410/76; Rib: 10 mm taper flat, adjustable; barrel length: 76 (30") or 81 cm (32")

## CHOKE TUBES

### Factory screw-in chokes, 12, 20, 28 and .410 gauge

**97,00 €**

It is not possible to retrofit factory choke tubes to fixed choke barrels. See Briley option below.

## ENGRAVING OPTIONS

The engraving patterns listed below are just a small sampling of the wood categories and engraving combinations most frequently requested. In line with our philosophy of quality, all our engravings are worked into the material of the action itself and never on attached plates.

The wood grade and surface finish of the metal parts can be chosen freely. Together with the engraving patterns listed below, we just give you a recommendation of a certain wood grade in combination with a specific metal part surface treatment, which compliments the appearance of the gun. The corresponding extra cost for wood upgrades and metal part treatments, you will find under category “stocks & wood-work” and “surface finish”.

### HUNTING GUNS - ENGRAVING OPTIONS

#### “Standard”

Ornamental line engraving borders receiver. Receiver nickel plated. Top lever, trigger guard, hinge pin and forearm latch blued.

**no extra charge**

#### “Small arabesques”

Hand engraved arabesque pattern on both sides. Receiver nickel plated. Top lever, trigger guard, hinge pin and forearm latch blued.

**583,00 €**

#### “Safari Scroll”

Full covering ornamental engraving. Receiver nickel plated. We recommend wood category 001.

**654,00 €**

#### “Small game scene with leaf arabesques”

Detailed game scene surrounded by leaf arabesque engraving. Motif for the game engraving each side can be chosen freely. Receiver nickel plated. Top lever, trigger guard, hinge pin and forearm latch blued. We recommend wood category 001.

**763,00 €**

## CUSTOM ENGRAVINGS

For years, engravers have artfully applied the finishing touch to guns, lending them a unique character and an expression of their worth. Initial sketches, stemming from a dialogue with the gun owner, are used to produce a harmonious design encompassing motif, style and material.

Krieghoff engravers have a comprehensive repertoire: from deep relief to the very finest Bulino style and from classic hunting scenes to the multifaceted ornamentations of various eras. From precious metal inlays to surface finishing – there are no limits to their creative imagination.

Using their experience, finesse and talent, our engravers create fine works of art that reflect both the passion and personality of the owner and the value and quality of an exquisite gun.

Our master engravers are able to realize virtually any special engraving requirement including the most intricate custom engravings. For a proposal send us your request!

### Price for plain, unengraved side plates <sup>1</sup>

637,00 €

Engraving and wood upgrades are not included.

#### Custom Engraving I

Deep engraved, full covering leaf arabesques with ornamental barrel base.

- ▶ Krieghoff Container for three chokes **19,00 €**
- ▶ Briley Container for five chokes **21,00 €**
- ▶ One inch extended, non-ported Briley choke tubes **price on request**

#### Adjustable butt plate

**575,00 €**

for K-80 and KX-6, including fitting of the aluminium base plate

Periodical maintenance of your Krieghoff quality products ensures the reliability and safety of your weapon to 100%, even after years of use.

#### Krieghoff Annual-Service K-80/-K-20

**505,00 €**

This service includes checking the gun for headspace, overcock, proper tolerances of sears, ejectors and hammers and complete disassembly and replacement of springs as needed throughout the receiver and forend iron. All parts are inspected for wear and minor trigger and timing adjustments are made if needed. The gun is cleaned and lubed. The barrel is tightened to the actions when possible. Replacement of broken or badly worn parts is available, at additional cost.

<sup>1</sup> Position is not discountable.

## GUN CASES

A display of pictures, regarding gun cases, can be found on page 60.

### Exclusive leather case line in "Alba" leather-style

High-quality, brown leather gun case, made of precious "Alba" leather. The case comes with a leather handle, and two securing leather straps. Additionally the corners of the case are reinforced with hand-stitched "Alba" leather patches for maximum durability. Two combination locks. The case interior is made of blue felt. An individual custom-fit for the particular gun will be accomplished at the Krieghoff factory. Price including modification services.

- ▶ **For hunting guns, up to a barrel length of 63,5 cm (25"), including scope** **1.418,00 €**  
Weight: ca. 4,7 kg

Weight: ca. 8,0 kg

### Krieghoff GunPack

This hard-top gun case is made out of black, shock resistant "ABS" plastic material assembled by ultrasonic welding and the addition of "ABS" at the fluid state. A Krieghoff lettering in gold is on the upper left of the outer front and inner top part. The inside is made out of velvet-like, blue cloth. It is pre-formed to exactly fit your hunting gun, a scope, and accessories or ammunition. Four hook-and-loop fasteners additionally secure the content. Four "push" catches avoid unwanted opening.

- Krieghoff GunPack for Hunting Guns** **52,00 €**
  - ▶ Barrel length: max. 74 cm (29")
  - ▶ Weight: ca. 2,6 kg

- Krieghoff GunPack for Semprio** **52,00 €**
  - ▶ Barrel length: max. 79 cm (31")
  - ▶ Weight: ca. 2,6 kg

### Krieghoff gun case - premium edition

A high class hard-top gun case is made out of shock resistant "ABS" plastic material assembled by ultrasonic welding and the addition of "ABS" at the fluid state. Brown leather application trims the edges and Krieghoff is printed in gold on the front. The inner is made of velvet-like cloth. The bottom part is pre-formed and offers space for the receiver-stock-unit, securable by hook-and-loop fastener, as well as accessories. The upper part is pre-formed for two barrels. The divider pad can be attached to the upper part with two hook-and-loop fasteners securing barrels and extras. Your gun is safe from unauthorised access with three - independently settable - combination locks.

## MEMO

### I. Scope mounts

Scope mounts, carried out at the Krieghoff factory, will include sighting-in. On guns with more than one barrel we guarantee a certain grouping of the barrels will be obtained. If scope mounts are fitted elsewhere an extra charge will be applied for sighting-in of the gun. Further, we cannot give any warranty for common point of impact accuracy on guns with multiple barrels. If the installation of the scope mount was not carried out by us we are not able to take any responsibility for the performance of grouping.

Because of physical reasons, the point of impact (grouping of the barrels) on guns featuring multiple barrels can only be adjusted for one type of sight (rather open sight or scope). If nothing else was requested by the customer and the scope mount was done at the Krieghoff factory, we always sight-in guns featuring multiple barrels over the scope. If several scopes are being mounted, explicit information is required for which scope the grouping performance need to be obtained. If no information is being supplied, we will use the largest scope to ensure grouping accuracy.-

The points mentioned above are also valid for insert barrels.

### II. Model thermo stable

If thermo stable models are ordered with cosmetic side ribs, we strongly recommended, for technical and aesthetic reasons, that the scope mounting and sighting-in process is carried out at the Krieghoff factory.

### III. Guarantee

If scope installation is carried out by anyone other than Krieghoff and the barrels require subsequent rebluing, all warranty regarding blueing and shooting accuracy will be void.

### IV. Shooting accuracy

The accuracy of the gun can only be guaranteed if the same type of ammunition is used as the gun was sighted-in with. Therefore we recommend to acquire a sufficient stock of ammunition of the same loading used to sight-in your gun, especially if the gun has multiple rifled barrels. This applies to rifle cartridges as to shot gun slugs.

In big bore double rifles semi jacketed bullets and full metal jacketed bullets are often being used side by side. Although this might be very useful, accuracy can only be guaranteed with one type of ammunition load. Test shots with a second load or even finding two loads that work together are only done on special request and have an additional time and ammunition charge.

### V. Weight

All specified weights, especially the total weights of weapons are to be understood as approximate information. Due to manufacturing and construction-related factors, as well as varying weights stem from the natural material of wood, there may be deviations. The weight data therefore only serves as a benchmark for better differentiation.
