Mauser commercial sporting rifle with a three digit serial number. Serial number is 711. The receiver ring is dated 1899. Crown U and Crown B proof marks. Has English Rigby rifle sights. Rigby was the first importer of Mauser rifles to England. Many of the early rifles were small ring transitional or intermediate actions. This rifle was reconditioned some time in its passed by perhaps Rigby or Mauser + barreled to 8x60 caliber. Also the Mauser buttplate is a later 1930 vintage. Rifle has a spoon bolt handle and double set triggers. Triggers function as they should. Has an English button type floorplate. Barrel is 25.5 inches long and the bore is clean and bright. Walnut stock in very nice with no major dings and no cracks. The length of pull is 13 inches from the front trigger. Checkering is very nice, we took several pictures to show the detail. The Mauser receiver ring lettering is a little weak but clearly visible. There are three scope bases mounted on the rifle, we do not have the original scopes. A great early commercial rifle. Item is on display locally so do not wait to bid as it can sell at any time. Once we get a bid we will remove the rifle from display. If you have any questions please email us. Thank you, New Mexico Firearms.
