CONSERVATION RESEARCH FUND

CONSERVATION RESEARCH FUND

Due to the lack of scientific data on all carnivores, huge limitations are placed on the sustainable legal hunting of these animals.

PHASA's Conservation and Empowerment Fund needs your financial support and overall commitment to participate in the research and assist in collecting data on all cat species, i.e. Leopard, Civet, African Wildcat, Badgers, Brown and Spotted Hyena, etc. Camera Trap photos (preferably with date stamps, time and coordinates), sightings recorded with cell phones or cameras, photo evidence of kills, tracks etc. can all be added onto www.catspotter.co.za as part of citizen science that will be taken into consideration.

For the project to be viable, we need funds. Please consider paying over a voluntary contribution to the Conservation Research Fund for every carnivore permit issued to you

in any of the nine provinces.

- INVESTMENT OPPORTUNITY

PHASA received the following request from Mr Marumo, Sepelong Game Farm.

Should you be interested - please contact him directly - details below.

Mr Marumo attended the recent Bio-Diversity Economy Indaba In East London where he met Mr Barry York.

"My meeting with Barry was a combination of my developing interest in the affiliation to your organization and the possible linkages of my farm - Sepelong Game Farm to prospective investors.

I have a game farm in Theunissen which is 1111 hectares in size and has value chain objectives that includes :

- * Eco-Tourism
- * Wildlife Trade
- * Hunting
- * Breeding
- * Meat and Hide Trade

Sepelong Game Farm currently has the potential to grow its combination of Hospitality and Wildlife with the hospitality targeting the MICE markets (Meetings, Incentives, Conference, and Events) and wildlife focusing on breeding buffaloes and sables over and above the plains game

we have.

Sepelong is surrounded by cattle farmers some with whom I have established a good relationship to the extent that they could sell their land if needs be.

Sepelong needs to grow and for it to grow we need funding for :

- *Maintenance management
- *Production
- *Marketing
- *Human Resource
- *Wildlife Management
- *Safety,health and Environmental Management

We are currently upgrading a variety of deliverables through a fund from the Department of Environment.

Interested prospective investors could call me at 079 509 6440 or reach me on this E mail or 1vmarumo@gmail.com for more detail.

Thank you"
